Features

Smooth Operations
A consistent lever operation test is conducted for over 2 Lac cycles to check sustainability. We believe in being with you for generations and for that all our products have to last long.

Chrome Plating
All our bathroom and kitchen faucets are manufactured with robust chrome plating to sustain the tough Indian condition of hard water and rough usage. It provides corrosion resistance, eases cleaning procedures, increases surface hardness, and offers a decorative shine.

Optimum Flow and Temperature
We have an integrated honeycomb-structured aerator that creates a mixture of water and air, making the stream fuller, smoother and also provides a lime build-up protection.

After Sales Service
Essco Bathware is committed to ensuring unmatched customer service by using the trusted customer care support of its parent company Jaquar.
